Vacation properties are an attractive investment.

If you want to invest your money with a good return and in a safe form, then real estate is recommended as an investment.

Different factors are primarily decisive for a vacation property:

- Accessibility
- location
- Structural developments
- Value increase prognosis

These ultimately determine the purchase price and thus your subsequent profitability.

Real estate prices on the central Mediterranean island of Mallorca continue to rise and are highly attractive.

Daily and often multiple flight connections from various airports in Germany and Austria are also available in the winter season at reasonable prices and make the vacation island with its mild Mediterranean climate especially interesting for commuters.

Location

Colonia de Sant Jordi is a municipality in the southeast of Mallorca and is known for the dream beach "Es Trenc", this is only a few meters away and thus easily accessible in 5 minutes. The name of the administrative municipality of Ses Salines is derived from the large salt mines that are still used for salt production.

The entire eastern part of the island is especially known for its beautiful beaches and bathing bays with well-kept sandy beaches. These are awarded with the European Blue Flag for good bathing water. The beautiful natural beaches with crystal clear water in the southeast of the island are also easily accessible.

From the airport to Colonia it is about 50 km and due to the freeway existing since 2020 to Campos and the then very well developed roads only 30 to 35 minutes driving time.

The clearly structured place is strongly influenced by tourism, has beautiful buildings, nice restaurants and bars for every taste.

It consists mainly of typical Majorcan townhouses or apartment buildings with corresponding properties, as well as hotels. Most of the houses have small, mostly refreshingly cool courtyards (patio), or even small gardens. Some of the houses are inhabited all year round, but they are also used as vacation homes. This makes the community a pleasant place to stay at any time of the year and always busy, but a real hot spot in the summer months.

In Colonia you will find open all year round, in addition to various restaurants and bars, all things for daily needs, supermarkets, banks, hairdressers, cosmetics, green market, massages and post office, all are within easy walking distance.

The weekly market in Colonia de Sant Jordi completes the offer.

Large supermarket chains are located in the neighboring town of Campos or Santany.
