## Objektbeschreibung

This charming townhouse in Felanitx combines modern and rustic elements and features a patio with a pool and a covered seating area.

The property is licensed for up to 6 people and has an ETV vacation rental license, which makes it an ideal partial investment: you can rent it out while enjoying a few weeks a year yourself.

The house extends over 196 sqm and offers 3 bedrooms, 2 bathrooms, a kitchen, a living room, a dining room and a spacious entrance hall.

Rustic details such as natural stone cladding, Mares stone arches and wooden beams give the interior a special charm. There is air conditioning, heating and double glazed windows.

This townhouse is the perfect vacation property in Mallorca to enjoy the sunny weather to the fullest (with a pool, courtyard and garden) while generating income or covering the financing (thanks to the ETV vacation rental license).

Vacation real estate is an attractive investment.

If you want to invest your money with a good return and in a safe form, then real estate is recommended as an investment.

Different factors are primarily decisive for a vacation property:

- Accessibility
- location
- Structural developments
- Value increase forecast

These ultimately determine the purchase price and thus your subsequent profitability.

Real estate prices on the central Mediterranean island of Mallorca continue to rise and are highly attractive.

Daily and often multiple flight connections from various airports in Germany and Austria are also available in the winter season at reasonable prices and make the vacation island with its mild Mediterranean climate especially interesting for commuters.

Nevertheless, the right region is crucial for a high return on investment.

The southeast of the island is the region of Santanyi is hardly affordable, on the other hand, the region around Felanitx and Cas Concos is quickly accessible by the new highway connection since 2021. Around 20-30 minutes drive from the airport, the region is highly interesting for investors and capital investors from all over Europe due to its currently favorable real estate prices.

#### Location

Felanitx is a quiet town on the south-east coast of Mallorca, not far from the towns of Santanyi, Campos and Manacor.

The town of the same name is located in a beautiful setting west at the foot of the mountain "Sant Salvador". The charming harbor town of Portocolom, which belongs to the municipality, should be emphasized. The bay of Portcolom with bathing possibilities is only about 15 km away and can be reached in a few minutes.

The entire eastern part of the island is especially known for its beautiful beaches and bathing bays with well-kept sandy beaches. These are awarded with the European Blue Flag for good bathing water.

From the airport to Felanitx it is about 65 km and due to the freeway existing since 2020 to Campos and the then very well developed roads only 40 minutes driving time.

The municipality belongs historically to the wealthy communities of the island and therefore also has beautiful buildings, whose restoration often brings true treasures to light, including natural stone walls, round arches or dreamlike cool courtyards, which not infrequently offer space for a pool.

The clearly structured town consists mainly of typical Majorcan townhouses or villas with corresponding plots of land. Most of the houses have small, mostly refreshingly cool inner courtyards (patio), or even small gardens. The houses are mostly inhabited year-round, but are also used as vacation homes. This makes the community a pleasant place to stay at any time of the year and busy all year round, but without being overrun with tourists.

In Felanitx you will find all year round open beside various restaurants and bars all things of the daily need, supermarkets, banks, hairdressers, cosmetics, laundry, massages and post office.
